GERMANS ATTEMPT TO DIVERT ALLIES

Launch Bitter Attacks at Various Points in West, But Fail to Make Headway.

Russian Retreat Is Endangering Russo-Rumanian Lines in Moldavia, Although Resistance Stiffens.

By Associated Press Dispatch.

The Flanders front, where the great offensive launched by the Entente on Tuesday is still being held up by unfavorable weather, remains the center of military interest.

Along other sectors of the line in the west, however, there is notable activity suggesting attempts to deflect the course of the main Entente stroke.

Today's British official report revealed that the Germans last night delivered an attack on the Arras battle front, biting into the British lines in Infantry Hill, an important eminence east of Monchy LePreux. There was a swift reaction by General Bull's forces and by this morning a part of the lost ground already had been regained.

Likewise, on the French front in the Aisne region there has been violent German attacks. The stroke was delivered on a front of half a mile in the vicinity of Cerny. It failed under the French fire, the Crown Prince's forces suffering heavy losses. Although Russia's southern armies apparently are offering determined resistance to the Teutonic advance the drive seems to have attained such an impetus that the Russians are not yet able to cope with it.

The Russian forces are now back on their own soil along a wide front, opposite the Galician border and are being driven out of Bukovina. Czernowitz, the capital of this Austrian crownland yesterday was occupied by Austrian troops and Kimpolung in the southern part of Bukovina has been evacuated by the Russians.

Petrograd today admits a further process for the Austro-Germans operating along the Dniester, announcing the evacuation of the westerly bank of the Zbrocz at its confluence with the Dniester near Chotin.

The Teutonic advance in Bukovina threatens to imperil the Russo-Rumanian front down the western Moldavian border while the drive down the Dniester bids fair if kept up to cut a slice out of northern Moldavia. It is conceded by Petrograd that the Russian retreat is continuing between the Dniester and the Pruth, the latter river marking the northeastern Moldavian boundary.

MICHAELIS MEETS EMPEROR CHARLES

(Associated Press Cable)
London, August 3.—Emperor Charles of Austria received in audience Dr. Michaelis, the German Imperial Chancellor on Thursday, says a dispatch from Amsterdam to the Central News Agency.

SIEGE OF ATTICA IS NOW DECLARED

London, August 3.—A state of siege has been declared in the whole

Greek department of Attica including Athens and Plaeus, according to a dispatch from Athens, to the Exchange Telegraph Company.

The department of Boetia adjoining Attica on the north, also was placed under martial law.

MORE PROOF OF GERMAN DUPLICITY

German Foreign Secretary Zimmerman Admitted Germany Had Austrian Ultimatum 14 Hours Before Delivery in Belgrade.

By Associated Press Dispatch.

Washington, August 3.—Germany had possession of Austria's ultimatum to Serbia 14 hours before it was delivered to Belgrade, according to positive information which has reached officials here and made public today for the first time.

It was stated that Foreign Secretary Zimmerman admitted this himself when pressed closely as to Germany's fore-knowledge as to the action of Austria which led to the European war.

Germany has maintained consistently in all her public documents that she was not consulted by Austria regarding the ultimatum to Serbia and that she did not even have knowledge of the step.

Foreign Secretary Zimmerman's admission is interpreted here to show that Germany had full knowledge of the note in time to stop action on it if she felt it essential. Her inaction is felt to have proven that she was an accomplice of Austria whom she had informed she would support in any decision.

The admission was stated here to have been made when Zimmerman was pressed very closely as to Germany's knowledge of the Austrian ultimatum. For a time it was stated he maintained Germany had known nothing at all about it, but finally, when certain information and facts were presented, he admitted Germany had the note 14 hours before delivery.

This he seemed to think was a negligible time which did not allow the possibility of action.

MINERS WILL QUIT WORK

By Associated Press Dispatch.

Santa Fe, N. M., August 3.—Four hundred members of local union No. 3227 of the United Mine Workers, employed by the Albuquerque and Cerrillo Coal Co., at Madrid, this county, have decided by resolution "at the call of the national organization to suspend work until the miners deported from Gallup are returned."

RUSS REFUSE TO CONCEDE FINN FREEDOM

Provisional Government Says Question Must be Left to People of Russia.

(Associated Press Cable)

Petrograd, August 2 (Delayed).—The provisional government has refused to acknowledge Finland's independence and has issued a manifesto dissolving the Landtag and appointing a general election on October 1, declaring that the government when the Landtag meets will submit its own law regulating Russo-Finnish relations.

The manifesto, which is signed by all ten ministers, explains the provisional government's contention that Finland enjoys independence only within the limit defined by her constitution, the essential fact of which is the position of the Emperor and Grand Duke which has now passed to the provisional government.

The fate of Finland can be decided only in agreement with the Russian people, the manifesto declares.

The Landtag is expected to decide its course of action tonight. The socialist majority threatens to defy the manifesto and continue in session while the non-socialist expect to obey it.

WAR TAX BILL IS COMPLETED

By Associated Press Dispatch.

Washington, August 3.—The war tax bill, increased from \$1,672,000,000 to approximately \$2,002,000,000, virtually was completed today by the Senate Finance Committee and will be reported to the Senate tomorrow.

In preparing a final draft for the printer the committee reduced the tax on beer by 25 cents, to \$1.50, in addition to the tax under the present law, and increased rates on wines to about double the present taxes and estimated to yield \$17,000,000 additional.

Of the \$2,002,000,000 proposed new taxes about \$720,000,000 will be secured from corporate and individual incomes; \$740,000,000 from war excess profits; about \$200,000,000 from distilled spirits, \$45,000,000 from malt liquors and \$23,000,000 from wines.

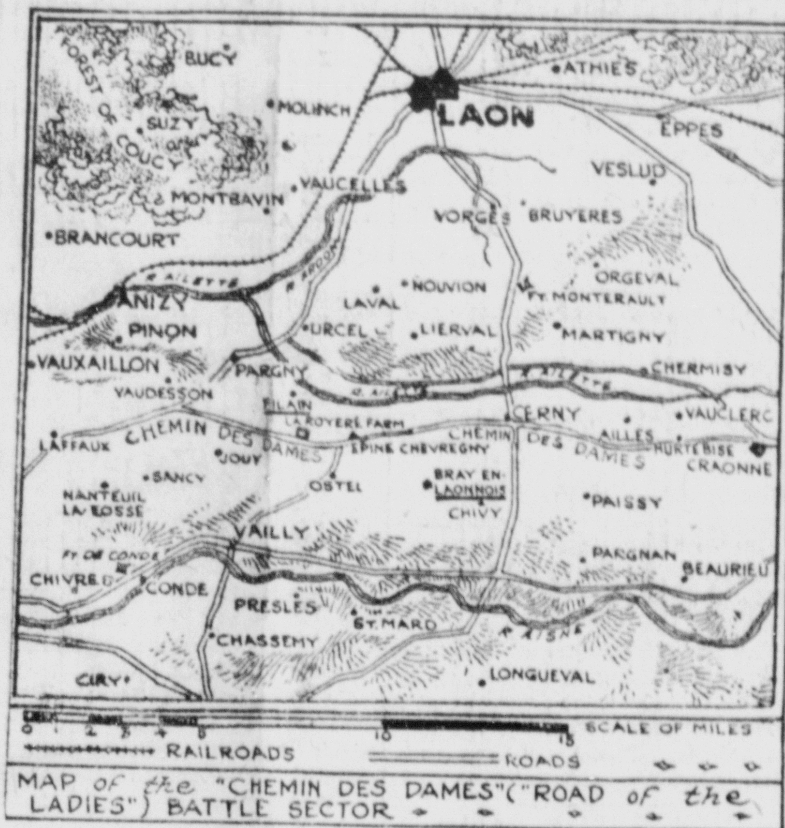

Few other schedules were changed in the final revision.

CIGAR COMPANY IS INCORPORATED

By Associated Press Dispatch.

Columbus, O., August 3.—The Gunning Cigar Company, of Chillicothe, was incorporated here today with the Secretary of State for \$50,000. The chief incorporators are, Thomas O'Donnell and Harry G. Gunning.

"Road of the Ladies" Is Object Of Furious German Assaults

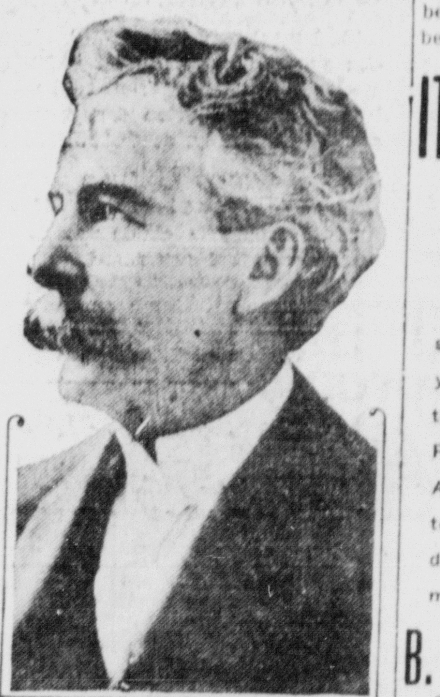

Military observers in America, France and Great Britain have been speculating on the purpose behind the incessant German attacks on the sector of the French battle line shown in the accompanying map. One recent account of the fighting said that no fewer than forty attacks were made by the Germans in this region, but in spite of the terrible sacrifice of men in their futile attempts to retake the plateau north of Craonne the Germans were forced back to the position whence they launched their first attacks several weeks ago.

The French launched a vigorous counterattack with the purpose of driving the crown prince's troops from the positions of the French first

line on the Casemate and Calvernie plateaus. The attacks was a brilliant success. The war office announced that on the Calvernie plateau the French troops recaptured all the ground lost with the exception of a small salient in the northwest, which was abandoned by both sides after being completely destroyed. The Germans set up a stubborn defense.

It has been asserted that the object of these furious German attacks is the breaking of the French line and the defeat of the French before American power makes itself felt in France.

The map shows the famous Chemin des Dames, or "Road of the Ladies," the objective point of much of the furious battling.

LUTHER BURBANK

Luther Burbanks, the famous "plant wizard," was born on March 7, 1849, at Lancaster, Mass. Among the new species of plants which he has bred are the Shasta daisy, the thornless cactus and thornless blackberry and the plumcot and pineapple quince.

In 1904 he received a \$10,000 allowance for five years from Carnegie Institute in order that he might have freedom and leisure to pursue his scientific studies. In 1907 he transferred to a corporation all rights to his creations except the ones which he had already sold. He had recently more than 2,600 extensive experiments in progress and was growing more than 5,000 distinct botanical specimens.

In 1916 he married Miss Elizabeth Waters, who had formerly been his secretary.

It was first reported at Santa Rosa, Cal., his home, that Mr. Burbanks was suffering from over work and a cold, but it was announced later that he had been stricken with appendicitis.

HERBERT JOINS THE SOCIALISTS

By Associated Press Dispatch.

Cincinnati, O., August 3.—Herbert S. Bigelow, who was elected to the Ohio Legislature on the Democratic ticket a few years ago has quit that party and joined the socialists.

He applied for a membership and was formally voted into the party at a meeting of the Socialists today.

He delivered an address in which he declared his hearty support.

CLOSE CALL FOR PRINCE GEORGE

(Associated Press Cable)

London, August 3.—Prince George, former Crown Prince of Serbia, had a narrow escape today in Macedonia, according to a telegram received in London. The horse he was riding was shot and killed.

Results of the next step in the selection procedure, the weeding out of men with dependants, are not clear. It may be that further rulings will be necessary to give the Local Boards the general policy to be pursued to reach a decision in each case.

It has been made clear that the Local Boards are to be judges if men sought the shelter of matrimony to avoid military service and must act accordingly.

WANT MORE MEN FOR OFFICERS

By Associated Press Dispatch.

Washington, August 3.—An increase of 30 per cent in the number of candidates to be admitted to the second officers' reserve training camp, opening August 27, has been ordered.

Sixteen thousand were to have been admitted. The number has been raised to 20,800.

ITALIAN 'PLANES BOMB ARSENALS

(Associated Press Cable)

Rome, Italy, August 3.—Large squadrons of Italian airplanes yesterday effectively bombarded the arsenal and military works of Pola, the chief naval station of Austria on the Adriatic, according to an official statement made today by the Italian war department.

B. & O. SENDS TEST TRAIN OVER LOCAL BRANCH C. H. & D.

The B. & O. sent a test train over the C. H. & D. from Chillicothe, or Musselman, Friday, to determine the time and what load could be pulled over the local division, and transfer from this point to the B. & O. and on west to Midland City.

The results were highly satisfactory, and it is expected that in the near future a great deal of B. & O. freight will be detoured from the main line at Chillicothe and sent through this city to Midland City.

The test train was made up of 35 loads and 24 empties and consisted of 2550 tons load, or just 1325 pounds more than the average freight load being sent out of Chillicothe toward Midland City at the present time.

A 40 minutes delay was experienced at Fairview, but even taking this into consideration, the test train was only 20 minutes longer making the trip through this city than the time required to go over the main line through Greenfield.

It will be seen that there is a practical reason for detouring freight via this city.

Draft Work Proceeds Very Satisfactorily But Further Rulings May be Given Boards Regarding Exemptions.

By Associated Press Dispatch.

Washington, August 3.—Early scattered reports from Local Boards do not indicate increases in physical exemptions over those of civil war days.

Provost Marshal Crowder said today that while no definite conclusion could be reached he believed on the face of first returns from local boards that there would be no substantial increase in proportion to those found physically unfit.

Results of the next step in the selection procedure, the weeding out of men with dependants, are not clear. It may be that further rulings will be necessary to give the Local Boards the general policy to be pursued to reach a decision in each case.

It has been made clear that the Local Boards are to be judges if men sought the shelter of matrimony to avoid military service and must act accordingly.

ASSISTANTS CHOSEN FOR EXAMINATIONS

Dr. D. H. Rowe, official examining physician for Fayette county's portion of soldiers to be raised under the conscription laws, has picked three other Fayette county physicians to assist in the work, Monday, Tuesday and Wednesday of next week when examinations will be held at Memorial Hall in this city.

The three assistants are Doctors L. P. Howell and Dr. P. E. Decatur, of this city and Dr. J. H. French, of Jeffersonville.

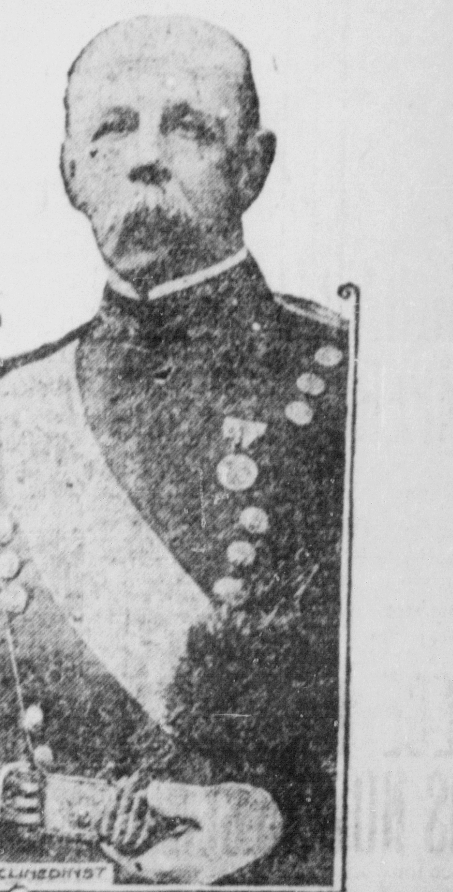

EXPECT TO DRAW ADDITIONAL NAMES

The Local Board expects notice within the next day or two for to draw a few additional names from the draft list in the county, in order to increase Fayette's quota as result of a mistake discovered in the apportionment figures in Ohio.

When the examinations are held and if it is found that the number cited to appear has not been sufficient to obtain the desired quota, another list will be called for examination without delay.

LITTLE BOY IS DROWNED AND FATHER SERIOUSLY INJURED

Four-year-old Son of Mr. and Mrs. Sherman Wilson Meets Tragic Death When Automobile Plunges Over Bridge on Devalon Road—Mr. Wilson Has Narrow Escape Under Overturned Machine.

Caught under an overturned automobile in about two feet of water, Woodrow, four year old son of Mr. and Mrs. Sherman Wilson, of this city, met death by drowning, Thursday evening, and his father was seriously injured when the Wilson car plunged over the railing of a small bridge on the Devalon road one-half mile west of Bloomingburg.

The tragedy occurred about six o'clock in the evening and at a point 200 yards west of the bridge over Paint creek, where a small stream crosses the highway near the Bloomingburg dump.

The mishap is said to have been due to a bent radius rod on the machine, caused when Myrl Phillips ran the machine into a curb after having stolen it in this city Wednesday afternoon.

Mr. Wilson and his little son were on their way to this city when the tragedy took place, and had stopped a short distance east of bridge and obtained a supply of gasoline. After obtaining the supply of gasoline Mr. Wilson started the car and the damaged gear caused it to swerve sharply to the south side of the road, striking the side of the little bridge partly hidden in the weeds, and plunging over into the water and mud below, turning bottom side up as it landed in about two feet of slimy water, and pinning both Mr. Wilson and his son beneath it.

Although badly dazed, Mr. Wilson, by tremendous efforts, succeeded in extricating himself from underneath the car and then made heroic efforts to rescue his little son. A man who was nearby at the time, was summoned but the combined efforts of the two men failed to move the Ford machine, and the man left to obtain assistance.

In the meantime, Mr. Wilson, in some way which will never be known, succeeded in removing the body of his son, after it had been under water from ten to twenty minutes. Life was extinct.

Persons reaching the scene a short time afterward found Mr. Wilson, in

a badly dazed condition, sitting on the machine working over the body of his dead son in an effort to revive it, but all efforts were of no avail. Dr. Roy Brown was summoned and a few minutes later was on the scene. Both Mr. Wilson and his son were covered with slimy mud. Mr. Wilson had inhaled a large amount of the muddy water. No mark was found on the body of the little son, and Mr. Wilson's chief injuries are due to shock, inhaling the water, and injuries to his neck and shoulder.

After receiving attention, at the home of L. W. Heinlein, Mr. Wilson was brought to his home by Dr. Brown. The Klever ambulance was summoned and removed the body of the child.

Mrs. Wilson, already ill, became much worse, and is still very ill.

Friday Mr. Wilson was still suffering intensely, and it will be some time before he fully recovers.

Mr. Wilson is a stock buyer and resides on Washington Avenue. He formerly resided in Paint township, two miles east of Yatesville.

The Wilson machine was the one stolen the previous day, and damaged by being driven into the curb by Myrl Phillips, now being held for the theft of the car.

The point where the accident occurred is one of the most dangerous on the Devalon road, the little bridge being almost hidden by weeds at the roadside, and cannot be seen until almost upon it.

The funeral services of the little four year old victim of the tragedy will be held Saturday afternoon at 2 o'clock at the residence on Washington Avenue. Burial will be made in Bloomingburg cemetery.

PICK SCOUT CAMP

Mr. Walter Patton, Raymond Geiger, Roy and Ronald Slagle motored to Bainbridge Thursday to select a site for the boy scout camp to be held this month. It was decided to have the camp on the farm belonging to Mr. Will Campbell's father, who lives two miles west of Bainbridge, on main Paint creek, near the falls. The camp site is an ideal one, affording fishing swimming and boating. The scenery is wonderful, and the spot including plenty of hills, water and woods.

Preparations are being made for 25 boys. The older boys camp will start Tuesday, August 7, and last till the 17 of August. The younger boys will arrive at the camp on Thursday August 9 and leave on the 16th. All older boys who are going to the camp should have their applications in by Monday noon and the younger boys applications must be in by Wednesday noon.

For the first five days the camp will be in charge of Mr. Patton and the last half in charge of Physical Director Parker who will arrive from his vacation Saturday.

WELL KNOWN FARMER IS BADLY INJURED BY TRACTION ENGINE

Mr. Arthur Staubus, well known farmer of the Jamestown pike, suffered serious injuries, Thursday, as result of a bolt head and steam from a traction engine striking him full in the face while he was at work on the engine. Mr. Howard Hogler and a colored man named Harris also were painfully burned.

Mr. Staubus was at work endeavoring to remove a nut from a bolt attached to a leaking flue in the engine, when the bolt twisted off and the heavy pressure of steam hurled the wrench, nut and section of bolt full into his face, inflicting painful wounds on the nose and cheek, scalding the flesh in a shocking manner.

Fortunately the steam did not enter his eyes, or his injuries might have been serious.

It will be sometime before the wounds heal.

UNUSUAL CLAIMS IN \$50,000 SUIT

The Journal-Republican Company, a local corporation at the present time engaged in the publication of two newspapers, the Wilmington Daily News and The Journal-Republican, has been sued for damages in the sum of \$50,000.

Two separate suits have been filed against the company, one in which Fred Tappmeyer is the plaintiff, while in the other, Louise A. Tappmeyer, his wife, is the plaintiff. Each asks damages in the sum of \$25,000.

The suits are the result of an article published in the Journal-Republican, at that time a semi-weekly publication in an issue of the said publication of about a year ago. The article dealt with certain difficulties reported to have arisen between the Tappmeyers and the surveyor at work on the state road near Blanchester in regard to a boundary line.

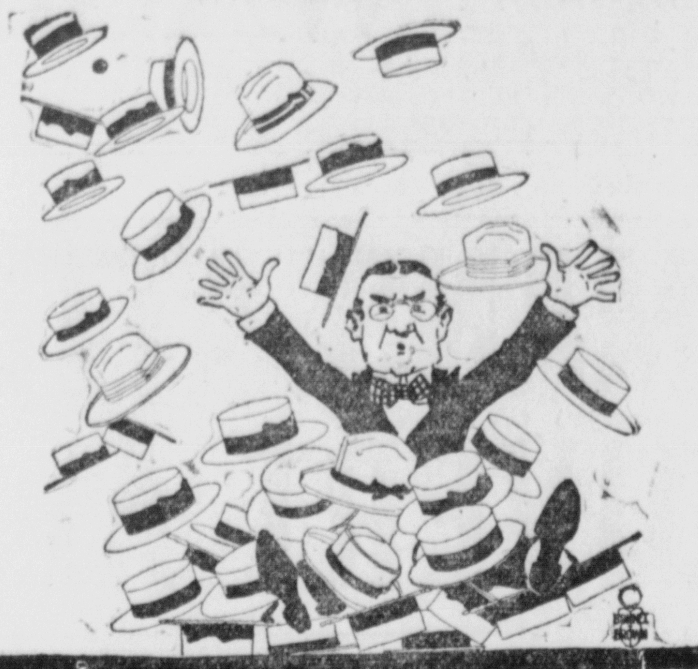

Mrs. Tappmeyer alleges that the word "surveyor" was used in the article for the sole purpose of attacking plaintiff and humiliating and ridiculing her because of her German birth and parentage and inability to pronounce the English language correctly.

The plaintiffs are represented by Attorneys Miller & Foster and Hubbard Schwartz, of Cincinnati.—Clinton County Democrat.

WAS IT AIRPLANE IN NIGHT FLIGHT?

Motorists about 7:30 or 8:00 o'clock Thursday night witnessed a large floating light in the western sky and the light disappeared toward Dayton, giving rise to the belief that an airplane from the Dayton aviation field was making a night flight.

It is not an infrequent occurrence for an airplane to rise from the field after nightfall and soar about the countryside.

Young Boys Among the Captured

The fact that a great many more school boys were among the five thousand and more German prisoners captured, by the British and French, in their great drive in Belgium on Tuesday does not seem to sustain the boastful assertion of the Kaiser and his staff that they have two million veteran, trained troops, the pick of the army in reserve to be called to the front whenever the occasion demands.

The world has long marveled at the seemingly inexhaustible man power source of the Teutonic allies.

Millions of men have been killed and captured and rendered incapable of further military duty by the awful battles of the war and yet, the "gray millions" are poured forward into the gaps in the lines or rushed, in mass formation to the attacks, by German commanders with a wantonly reckless disregard of the frightful cost of it all and as though the man power of Germany was as the countless sands of the sea shore.

The world has wondered, staggered by the loss inflicted on the Germans, how long that great supply of men would last.

The capture of the small boys, yet in their teens, unfit physically for the rough work of war indicates that the treasury of the German people has been frightfully depleted and that the mothers, the wives and the daughters of Germany have sacrificed on the altar of the war mad Kaiser's ambition, about all of the able bodied mature men of the Fatherland.

In any other nation and among any other people blind loyalty to Prussian power and the glamour of the Kaiser's fictitious right would have been replaced by reason long before the children were called to the trenches.

Fate Overtakes I. W. W. Leader

Mob law is bad. Law abiding citizens should refrain from giving encouragement, even to the extent of minimizing the offense, to individuals who take the execution of the law into their own hands. Unless we abide by the law and submit to the method of punishment provided in the statutes of organized society, anarchy will reign.

Out in Butte Montana on Wednesday indignant citizens took the law into their own hands and hanged a particularly offensive and dangerous public enemy and traitor, Frank Little, member of the executive board of the I. W. W.

Little had been, as have nearly all the I. W. W. members, particularly violent in his denunciations of the government, the soldiers and organized society in general.

The I. W. W. members, will not work and will not allow others to work. They preach, teach and practice anarchy and violence; they are the mad dogs of the human race.

In times like these the machinery of the courts, even the military tribunals, are too slow to mete out punishment to such traitors. There must be prompt and final action if the poison seeds, which the I. W. W. leaders are sowing broadcast, do not produce a monstrous crop of disorder and bloodshed in America.

No people on earth would be as tolerant with the I. W. W. anarchists as America has been.

The Exempt Mortgages

On November fifth—election day—the voters of Ohio must either approve or reject a proposal to amend the constitution of the state, exempting real estate mortgages from taxation.

People have long realized that, in the case of mortgaged property our plan of taxation results in double taxation and, in some instances, triple and quadruple taxation of the same basic value.

If an individual owns a farm worth twenty-five thousand dollars and it is mortgaged for eight thousand dollars the farmer must pay on the full twenty-five thousand dollars and the mortgage holder on eight thousand dollars. That doesn't look right.—It isn't right and long ago our tax laws should have been corrected in that particular.

We fail to see, however, the justice of relieving the mortgage holder from taxation and assessing the farm owner for the full value of the land.

Manifestly the fair correction of the present erroneous system would be to exempt the land owner to the amount of his indebtedness and compel the mortgage holder to pay taxes on his mortgage.

Each one would then pay on his exact interest in the real estate.

The mortgage exemption proposal is to still further increase the burden on the land and home owner simply because real property can't hide and is easier to list for taxation purposes.

Just why one of two owners of farm or residence property (and a mortgage holder is a part owner in fact) should be freed of all tax burdens and the other owner compelled to pay on his own and the other fellow's interest too, is not clear.

THE ROAD HOG

Who rolls along at a reckless rate?
 The Road Hog
 Who always drives like a man who's late?
 Who steps on the "gas" when there is no need,
 Just to impress us with his speed?
 Who gives your rights or mine no heed?
 The Road Hog.

Who won't get over to let you pass?
 The Road Hog.
 Who thinks that speed is a sign of class?
 The Road Hog.
 Who seem in luck to put his trust,
 Drives as he thinks a daredevil must,
 And hangs out a sign, "Excuse my dust!"
 The Road Hog.

Who goes too fast when he passes a school?
 The Road Hog.
 Who behaves in general like a fool?
 The Road Hog.
 Who acts as if he's bought the street,
 Crowds you over whenever you meet;
 As the meanest man is hard to beat?
 The Road Hog.

EXTRAORDINARY ENDORSEMENT BY ENGINEER LAYNE

"I've Been Able to Take My Engine Out Every Day for Two Months," Says Locomotive Driver.

This convincing Nerv-Worth statement recently was given by Mr. J. W. Layne, well known and highly esteemed engineer on the A. C. & L. railroad at Ashland Ky. It is most interesting and useful reading.

"For the past four years I have been troubled with rheumatism and kidney trouble. Have only been working about one-third of time. I have spent quite a sum of money, trying everything I could hear of, but failed to get any relief. I saw Nerv-Worth advertised in the Independent and decided to try it. I have now taken the third bottle and I can truthfully say that I have gotten WONDERFUL RESULTS. In fact, I feel perfectly well and have good appetite. I have been able to take my engine out every day for the past two months. I can recommend Nerv-Worth to anyone.

IN SOCIAL CIRCLES

In honor of Miss Nell Mickle, a bride to be Mrs. J. L. Marks and daughter, Mrs. Gilbert Freshour, delightfully entertained twenty-four guests, Thursday afternoon with a miscellaneous shower.

In a clever book contest, Miss Chloe Bonecutter won first prize, and Miss Ethel Nisely the consolation prize.

A pink and white color scheme was carried out in both the decorations of the house and refreshments.

Miss Mickle is a charming girl, and her many friends, will learn with much interest of her approaching marriage to Mr. Frank Collopy.

Miss Frances Merriweather delightfully entertained the members of Mrs.

Scott Hopkins' Sunday School Class of the Methodist church, Thursday evening.

The entertainment was in the form of a picnic on the large lawn of the Merriweather home.

Mrs. Ed Belles and Mrs. Emmer Miller entertained their Sunday School classes of Camp Grove Church with a charming little party at the home of Mrs. Ed Belles, Thursday.

After an afternoon's merry play on the lawn delicious refreshments of ice cream, cake and lemonade were served.

The children, who enjoyed the afternoon were: Dorothy Arnold, Margaret Kneisley, Marjorie Kneisley, Grace Campbell, Marie Baker, Delcie Baker, Mary Miller, Charlena Smith, Celora Overstake, Helen Lemons, Mary Lee Carr, Anell Smith, Waco Patton, Alvin Campbell, Willard Rutledge, Virgil Garrison, Carl Lemons, Glen Overstake, Paul Elliott, Delbert Carr, Carol Miller and Loren Overstake.

Miss Opal Michaels and Mrs. Frank Carr assisted.

Twenty-two relatives were present at the surprise birthday dinner tendered Mrs. C. J. Thompson on her 81st birthday, Friday.

The surprise was complete but Mrs. Thompson graciously arose to the occasion extending cordial hospitality, and delight in pleasing reminiscences of earlier days.

One of the main features of the dinner was the large white birthday cake, decorated with the numbers 81 in red candles, made by one of Mrs. Thompson's friends, Mrs. Anna Spencer of Columbus.

The out of town guests were Mr. and Mrs. A. C. Briggs and daughter, of Columbus; Dr. and Mrs. Chas. Swope, daughter, Miss Bernice and son Chas. of Columbus, and Mr. Chas. La Poe of Dillinger, Pa.

SOUTH MAIN STREET. 177 U

SPRING WHEAT IN FAYETTE PRODUCES 18 BU. TO THE ACRE

That spring wheat will thrive in Fayette county and do fairly well has been demonstrated by Mr. Herman Jones, who last spring sowed a small quantity of spring wheat seed on his farm east of this city, and this week when the 1.3 acres was threshed it produced 24 bushels, or about 18 bushels to the acre.

However, Mr. Jones does not recommend the sowing of spring wheat in Fayette county, as the grain threshed from the spring-sown seed was not as plump and of the high quality as the seed sown, although the yield per acre was not a bad one.

The season has been particularly well adapted to the venture in Fayette county this year, owing to the excessive rainfall and cool weather of the spring and early summer, and had the spring been dry and hot, it is believed the yield would have been much less.

Mr. Jones will probably try the venture next year, and may sow the seed produced this year to ascertain what results can be obtained.

FAYETTE CORN IS DOING ITS "BIT"

Attention has been called to the corn crop in Fayette county, and to the fact that in the early corn the number of "shoots" or prospective ears is surprisingly great, a large number of stalks having two ears on them where usually only one ear is to be found.

This evidence of a big corn crop has caused quite a little comment and has led to the expression that "Providence knows there is a war and that the Allies must have plenty to eat."

If the weather continues favorable the yield in Fayette county will be a record breaking one.

OLD OFFENDERS ARE TAKEN BY OFFICERS

George Sharp and Otis Row, two old offenders, were arrested by Chief Moore Thursday night on a charge of drunkenness. The men were found on Willard street where they were causing a disturbance near the John Bailey residence.

A charge of disturbing the peace will also be placed against them. Row has a workhouse sentence hanging over him and both men have been in trouble on numerous occasions. They will face Mayor Oster late Friday.

APPLICANTS FOR EXEMPTION PAPERS

Quite a number of applicants for exemption papers have already applied at the Local Board's office and filled out exemption papers, most of them claiming exemption on the grounds of wife and children depending upon them for support—a reason which is included in the few grounds for exemption or discharge.

The office of the board will be a busy place during the next few days.

FRANK M. ALLEN IN FULL CHARGE

Judge Frank M. Allen is now in full charge of the Probate Judge's office, having filed his bond Thursday after receiving his commission on the previous day.

His duties are not new to him, however, as he became thoroughly familiar with the duties of the office last year while his son, Major Rell G. Allen, was on duty on the Mexican border.

FAMOUS PORTRAYER OF WESTERN CHARACTERS IN—

'Land of Long Shadows'

Jack Gardner in "Land of Long Shadows"

A RED-BLOODED, LOVE DRAMA STAGED IN THE WILDS OF THE PICTURESQUE CANADIAN NORTHWEST WHERE MAN KNOWS NO LAW.

Land of Long Shadows, land of hunger, wolves and everlasting snow is the scene of this thrilling photodrama. A young trapper barricades himself in his lonely cabin and gives battle to the mounted police. They charge him with a murder he did not commit. He has more than himself and wife to fight for. The Stork is coming. The fight is fierce. All appears lost for the trapper. The timber wolves attack and drive off the police. Providence had intervened for the "little stranger."

Quality IS EVERYTHING!

Naturally, having spent many years in the making of portraits, we have very positive ideas on that subject. To our mind a Quality Portrait should have distinction of pose, originality of mounting, that virility of delineation which makes the onlooker say to himself: "A Perfect Likeness." And to our mind a Quality Portrait should sell at a reasonable price—AS OURS DO.

CHAUTAUQUA DRAWS MANY FROM FAYETTE

The Greenfield Chautauqua is drawing large crowds from this city and from Fayette county generally.

Each session has been heavily patronized, and the night sessions draw large numbers from all over the surrounding territory. All have been greatly pleased with the entertainment offered, and have signified their intention of returning again before the event comes to a close.

The indications are that Sunday's crowd from this city and Fayette county will be very heavy.

CENSORSHIP IS ON AT AVIATION FIELD

The censorship has been clapped on at the Wilbur Wright Aviation Field near Dayton, and now all that emanates from the camp must pass the scrutiny of an officer named for that purpose.

No news of the number of men in training will be issued, and no statement that would be of value to the enemy will be given out.

NOTICE TO BIDDERS

Sealed proposals will be received by the Board of Education of Union Township Rural School District, Fayette County, Ohio, at the office of the Clerk of said board in Washington C. H., Ohio, until 12 o'clock noon, standard time, on Monday, August 6th, 1917, for furnishing all material and performing all labor necessary for the erection and completion of three centralized grade school buildings, together with outbuildings for toilets, to be located as follows:—grade building No. 1, at the junction of the Creek Road and the Greenfield pike, on the R. C. Hunt land; grade building No. 2, at Chaffin's Corner on the James-town pike; grade building No. 3, at the junction of Prairie Pike and the New Holland and Bloomingburg Road on the Harry Zimmerman land, and each of said sites being in said Union Township Rural School District, according to the plans and specifications prepared by J. Howard Hicks, Architect, North Main Street, Washington C. H., Ohio.

Plans and specifications are on file in the office of the Clerk of said board and in the office of said Architect.

Bids will be received for the general construction of said buildings including heating and ventilating; also, bids will be received for the general construction of the buildings, and the heating and ventilating, separately.

Bidders must specify the building and location bid for, and may bid for one or more, but the bids must be separate from each.

All bids must be made out in accordance with the laws of the State of Ohio, governing such work and upon blank forms which will be furnished upon application to either the Clerk of said board or to said Architect.

Each bid must be accompanied by satisfactory surety bond or a certified check on a bank doing business in the state of Ohio, to the amount of one hundred and fifty (\$150.00) dollars, conditioned that if the bid be accepted the successful bidder will immediately enter into a contract and give bond to the amount of fifty (50 per cent) per cent of the contract price, high surety shall be satisfactory to said board of education.

Said board of education reserves the right to reject and or all bids.

The successful bidder must furnish bond in accordance with the laws of the State of Ohio, protecting said board of education in the making of the monthly payments on the work; it being understood that this bond shall insure the faithful performance of the contract and full payment by said contractor for all material and labor used in the buildings.

By order of the board of education of the Union Township Rural School District, Fayette County, Ohio.

A. W. CLOUSER, President.

R. R. MADDOX, Clerk.

MACHINERY EXHIBIT WILL BE BEST EVER

The machinery exhibit at the Fayette County Fair, week after next, will be by far the most interesting and pretentious ever shown, as great progress has been made in farm machinery during the past year or two, particularly in motor driven machinery.

The automobile display, included with the machinery display, will exceed all previous exhibitions, and dealers are reserving more space than usual in order to the better show their lines of cars.

It is expected that some of the machinery will be an eye-opener to many people who have not given their attention to the rapid progress being made during the past few years.

BARRELS OF CLOWNS CUT MONKEY-SHINES

Paradoxically speaking, the brainiest men with the circus are those who are the most foolish. All of which is by the way of saying that one of the hardest jobs of the circus is that of being a clown. Of course, the natural idea is that all a clown must do to bring the laugh is just to "act funny." But it is in acting funny that the brains are required. Hence the reason that the forty clowns form one of the chief items of expense in the heavy payroll of the Sells-Floto Circus, which is to exhibit in this city Tuesday, August 21.

Once upon a time it was easy for a clown to be funny. He had his comic song. He had his lines which could reach every part of the small tent in which the circus of the past held its performance. But that day has passed. The clown has no chance for words now, no chance for songs or for jests. In the Sells-Floto Circus this year the great canvasses cover seven acres and seat 10,000 persons. Only a man with the voice of a steamship siren could talk to an assemblage like that.

Therefore the clown of today must be a pantomimist of extraordinary intelligence. He must make his every movement supply all that the voice could add. He must make of himself a living caricature of the events of the day—for the old idea of a his-muth-meared face and a ruff around the neck has passed as a standard of clowndom.

And there's a way of gaining an idea of the worth of these clowns of the Sells-Floto Circus. The parade, which will come at 10:30 o'clock in the morning of the show's performance here, will have a clown band as one of its scores of features.

DALEY ESTATE IS VALUED AT \$4,000

The last will of the late C. W. Daley, of New Holland, filed in the Probate court of Pickaway county this week, bears date of June 29, and is witnessed by John B. May and Percy May.

The instrument provides that all just debts be paid, and gives to his wife, Drusilla Daley, all household goods, one cow and \$500 in money above her legal share, and provides that the remainder of his estate be divided share and share alike among the remainder of his heirs.

The estate is valued at \$4,000 and W. C. Crawford is named administrator.

CIVIL AND MILITARY OFFICIALS CO-OPERATE

The civil and military authorities at Chillicothe will co-operate in punishing offenders placed under arrest, the former handling all cases where felonies are committed in the city, and the latter handling the misdemeanor cases.

The Mayor of Chillicothe will seek to have military officers stationed up town to aid in keeping the soldiers orderly and take into custody those who are not.

RELATIVES ARE WITHOUT A CLUE IN SEARCH FOR PRETTY ORPHAN

Lancaster, O., Aug. 3.—(Special)—Fairfield county officials are doing their best to unravel the mystery surrounding the disappearance of Florence Baker, a girl of seventeen, who vanished from the home of A. E. Huston, near Rushville, over six weeks ago.

It has been advised that a reward be offered for her recovery, that the facts be widely advertised, and that if she is not found soon the sheriff should be asked to search for her body on the theory that she has been murdered.

"Miss Baker bears an excellent reputation," says Mr. Gregg, "and there seems to be no ground for the theory that she was enticed away by a man. She had few callers, and no steady company."

"She disappeared Sunday night, June 16, while Mr. and Mrs. Huston were visiting a neighbor. All she took with her was \$2 in money, a few personal belongings and an extra dress. Judging from what she left behind she wore a black jacket suit, black low shoes, black silk stockings and a small black hat. She is a bunnette rather slender, and quite attractive."

"The Hustons live in the country six miles from Lancaster. Miss Baker was timid about being out alone at night. She undoubtedly had help, but who helped her get away is the mystery, for they did not leave a single clue. Several young men in Lancaster, suspected of knowing what has become of the girl, have been repeatedly cross-examined, but stoutly deny that they know anything about the case."

Miss Baker is an orphan. Soon after the death of her mother she was committed to the children's home on the application of an uncle. She was not in the institution over two days before she went to live with the Hustons, who had known her before her mother died.
